Re. Non-disbursement of salaries to teachers working in aided Schools in Kolar District

SRI C.M. ARUMUGHAM.—Sir. I may please be permitted to raise a small point. In Kolar district, there are several educational institutions,s, aided primary schools, middle schools, and high schools There are about thousand and odd teachers serving in these aided schools who have not received their salaries for the months of June and July. They have submitted several representations to the Deputy Director of Public Instruction and the AEO, Kolar. The teachers have been paid very meagre salaries. They are not able to maintain their families. How can we expect these poor teachers to lead life without salaries for two months? The Department of Education

possesses an army of officers. What are they doing? Are they not able to understand their difficulties? Sir, last year also I have raised this question in the House. Last year, the Hon. Minister for Education assured that he would do the needful to release their salaries forth with. In spite of his assurance, they did not get the ir salaries The heads of these institutions will have to rush everyday to the head office at Kolar to meet the Deputy Director of Public Instruction. Sometimes, they will have to come to Bangalore too to meet Commissioner for Public Instructions. Now, they are saying that it would not be possible for them to give their salaries in view of the non-availability of funds. Is it a fact that the Education Department is not having funds at its disposal for payment of salary of these teachers? I only appeal to the Government to issue orders immediately and see that their salaries are disbursed tomorrow.

SMT. NAGAMMA CKESHAVAMURTHY.–We have received such complaints not only from Kolar, but from other districts too. I will see that these teachers get their salaries within three to four days.

MR. SPEAKER.—The Hon,Member says that this has become a routine matter. Every year this has been going on.

SMT NAGAMMA C. KESHAVMURTHY.—I will look into it and assure the hon. Member that such things will not happen in future.
